

End User License Agreement (EULA)

“OCC-FAS: A New Benchmark and Feature-Disentangled Mixture-of-Experts Framework for Occlusion-Aware Face Anti-Spoofing”

By signing this document the user, intended as who will make use of the database, agrees to the following terms.

1. Commercial use

The user may not use the database for any commercial purpose.

2. Distribution

The user may not distribute or broadcast the database in any way. Face images may be distributed in publications as figures as long as the publication complies with the terms stated in this End User License Agreement (EULA).

The user may not publish, upload, share, sublicense, or transfer the original database files, derived copies, labels, annotations, metadata, or evaluation protocols to any third party.

3. Access

The user may only use this database after this EULA has been signed and returned to the dataset provider. Multiple users may sign one EULA in order to grant access to a group of researchers.

The signed and dated EULA must be returned by email, in PDF format, to: alwayswithme@fjnu.edu.cn or cthsu@cs.nthu.edu.tw.

4. Publications

Publications include not only research papers, but also presentations for conferences or educational purposes. All documents and research papers that report on research that uses the OCC-FAS database should include a citation to the database article.

```
@INPROCEEDINGS{OCC_FAS_2026,  
  author = {Chen, Jun-Ren and Su, Cheng-Hsiang and Ou, Yi-Chen and Lin, Yi-Ting and Chien, Kai-Heng and Huang,  
  Pei-Kai and Hsu, Chiou-Ting},  
  title = {{OCC-FAS}: A New Benchmark and Feature-Disentangled Mixture-of-Experts Framework for Occlusion-  
  Aware Face Anti-Spoofing},  
  booktitle = {International Conference on Pattern Recognition},  
  year = {2026}  
}
```

5. Research

The user may only use the database for scientific research. The database may not be used for identity recognition, re-identification, surveillance, biometric tracking, profiling, law enforcement, or any purpose that violates applicable laws, regulations, or research ethics.

The user must handle the database as face-related biometric data and must not attempt to identify, re-identify, contact, or profile any subject in the database.

6. Changes

The dataset provider is allowed to change this EULA at any time.

7. Warranty

The database comes without any warranty. The dataset provider cannot be held accountable for any damage, whether physical, financial, legal, or otherwise, caused by the use, misuse, storage, processing, or distribution of the database.
